“THE STOOL”

We have recently remodeled the restaurant to improve your dining experience. We removed all of the old stools, but just couldn’t replace “The Stool”.

This stool has significance because it is the stool that both *President Obama* and *Diane Sawyer* sat on when visiting our restaurant. We hope to add to the list of famous people using it, but famous or not anyone who comes in our doors is important... No Matter Where They Sit.

AVE FUN FACT:

Avenue Restaurant provides catering service and will serve up to eighty people. See Dave today for details.
